IRELAND, **IGNORANCE** IS HOW YOU ARE ENSLAVED

GOAL : Get the Ireland population enlightened about how it is controlled and how to free itself for good.

Why I do that? What's my interest?
I want to live in a free thinking society surrounded by sound minds and healthy bodies in control of their destiny, living in a rational, spiritual, sane, sound environment and relationships where creativity and humanity are at the core of all decisions, and actions, where each individual is independent and follow his own path to create his own story : ALIVE AND FREE. I feel this is better than the present Ireland situation. That's why I do it: to instill durable changes.

Who is this document for?
For those who are lost or see there are issues in Ireland but need clarification of why things are as they are, who benefits, how, how they do it, what are the consequences, how to change your reality so you are not impacted. You need to see the whole shebang to understand at 360° what's really happening.

SO WHAT'S WRONG WITH 2026 REPUBLIC OF IRELAND?

***MASS MEDIA, SOCIAL MEDIA, SMARTPHONES, VIDEOGAMES THAT ENTERTAIN, BRAINWASH AND ISOLATE** instead of focusing on what's essential, they dumb down and distract you with useless, bad and false information, while keeping your hands busy, your head bent, your thoughts wandering on useless subjects and keep everybody in his bubble so without any real social link, thus wasting your time by imposing a standstill situation.

This is the good old method: Divide and rule through Panem et Circenses / Bread and Circus / Bread and Games as under the Roman Empire. Keep the masses stomach full, the heads filled with running in loop games so they run themselves in loop : **DREAMING**, confused, easy to govern. #bread_and_circus

***POLITICIANS = ORGANIZED CRIMINAL ACTORS GANG** who entertain you and exploit your ignorance while keeping you divided through FEAR, labels, empty ideologies and promises while stealing your hard-earned money via embezzlement, tax.

They slow you down through low quality public services (hospital, bus, school, ...), slow complex administration, mass entertainment and brainwash (sports, TV, 'social' media, video games, mass media entertainers, news, ... = the smoke screen to isolate and keep you in your mental bubble + BEER).

They also allow poisoned food + water and keep you in massive inflation : they are powerless for doing good only powerful for doing bad. The central bankers, deep state in UK / US / IE / UE and Israel, freemasons, jesuits, sabbathean frankists world death cult of all seeing eye pull the strings behind the political theater stage : politicians are their actors / pawns / employees and / or complices, it runs in their blood as politics is a family business....

***EUROPEAN 'UNION' = NAZI FASCIST EMPIRE IN DISGUISE**

Since 1972 when Ireland has joined the European Union, how the situation has really improved for national Irish? You may have got some good money for some time. But the crux of the matter is the EU is a copy paste of the USSR and the super winners of this 'union' are the multinational companies and those who own massive stocks in them plus those feeding from their money = politicians + bankers / finance people.

The multinationals are the properties of oligarchs who put their business in Ireland for economic reasons only:
1) low tax (12.5%)
2) low regulations (easier to enable wage and debt slavery)
3) good enough education (native english plus hard working)
4) a door way to sell their products and services to the other EU nations (who don't speak others country langages so it's an 'union'...)
The root of the EU is in Nazi germany see reference. So is fascist in essence. All important laws are the same for all states in the 'union', check euro.lex

And the Empire of the communist EU (yes fascist and communist at the same time, the mega rich ride on the back of both communism and capitalism switching cap when required) is feeding on the back of the migrants which are destroying the national culture and destroying your national history by dilluting it with foreign langages and customs like religion and food, all by design : they are loosers in this scam as they bring chaos there.

***IMMIGRATION = THE DIVIDE AND CONQUER METHOD.** The country is full with +431,120 people since 2019 for a country of initially 4.5 millions people in 2006 ! For 20 years at least (since 2006) the planned housing 'crisis' has been going on, and now has reached such an extent that small cities are full with foreigners who don't speak well english, the streets of Dublin are cluttered by tents where native Irish are sleeping in, hospitals are low grade where you are separated by a mere tissue from other patients, the native irish population are now underprivileged compared to newscomers...

The migrants are used as a way to replace the local white christian population and erode the local culture with completely different ones which can't integrate as they have no common ground. Why are those migrants brought in ? The goal is to raise competition thus lower wages, lower the overall population rights and bring in massive chaos which will give the right to the parasitic oligarchic and political class to bring in more and more freedom curtailng measures like reduction in travels due to CO2 climate change hoax, 15 mins smart cities where you are watched and monitored 24/7 , CDBC to trace all your payments, ... One of the main problem is langage : when nobody has the same accent, vision, culture, history, goal, values, it becomes harder and harder to get any meaning in life, thus people ask their life to be handled by an autoritarian regime. This is exactly what politicians and oligarchs want : more control for them.

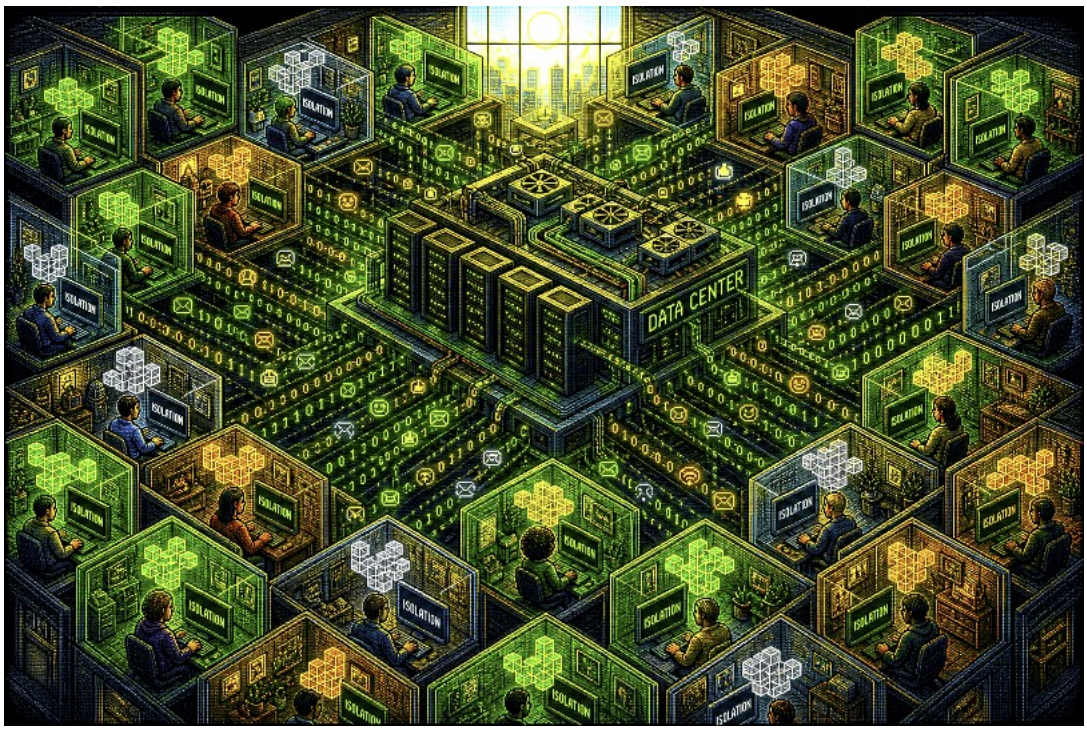
***TECH BROS = TECHNOCRACY FEUDALISM**

Ireland is a technocratic prison brought in by the biggest employers of Ireland = the GAFAM = Google, Apple, Facebook, Amazon, Microsoft and other BIG TECH Bros (Nvidia, Elon Musk, Oracle) who are all about surveillance capitalism and putting you under their hypnotic screen spell while filling your hears with boom boom digital 'music'... To turn the wild animals into Androids cyborgs under full control!

Nothing happens by chance, it's all a plan to grow their empire. And they all work together as we can see in the many meetings they hold with BIG government like in the US / UK / China / Israel.

Look around and you can't miss the fact most of the people you see are wearing earbuds, or big headset, are scrolling on their 'smart'phone, calling, watching a movie, work remotely facing a screen all day long indoor and outdoor, or interact with the government and companies through chat or online forms.

The government sell you this as Ireland economic success, but the reality is it's a success for the government deep pocket filled with cash from successful BIG TECH business, the general population don't see the color of this money and suffer the constant theft of his attention while being kept separated and isolated like during Covid : the environment which introduced AI...



***DIGITALIZATION = ISOLATION = POWERLESS AS FORCE IS IN UNION**
all stuck on a screen 8 hours per day min, the thoughts confused

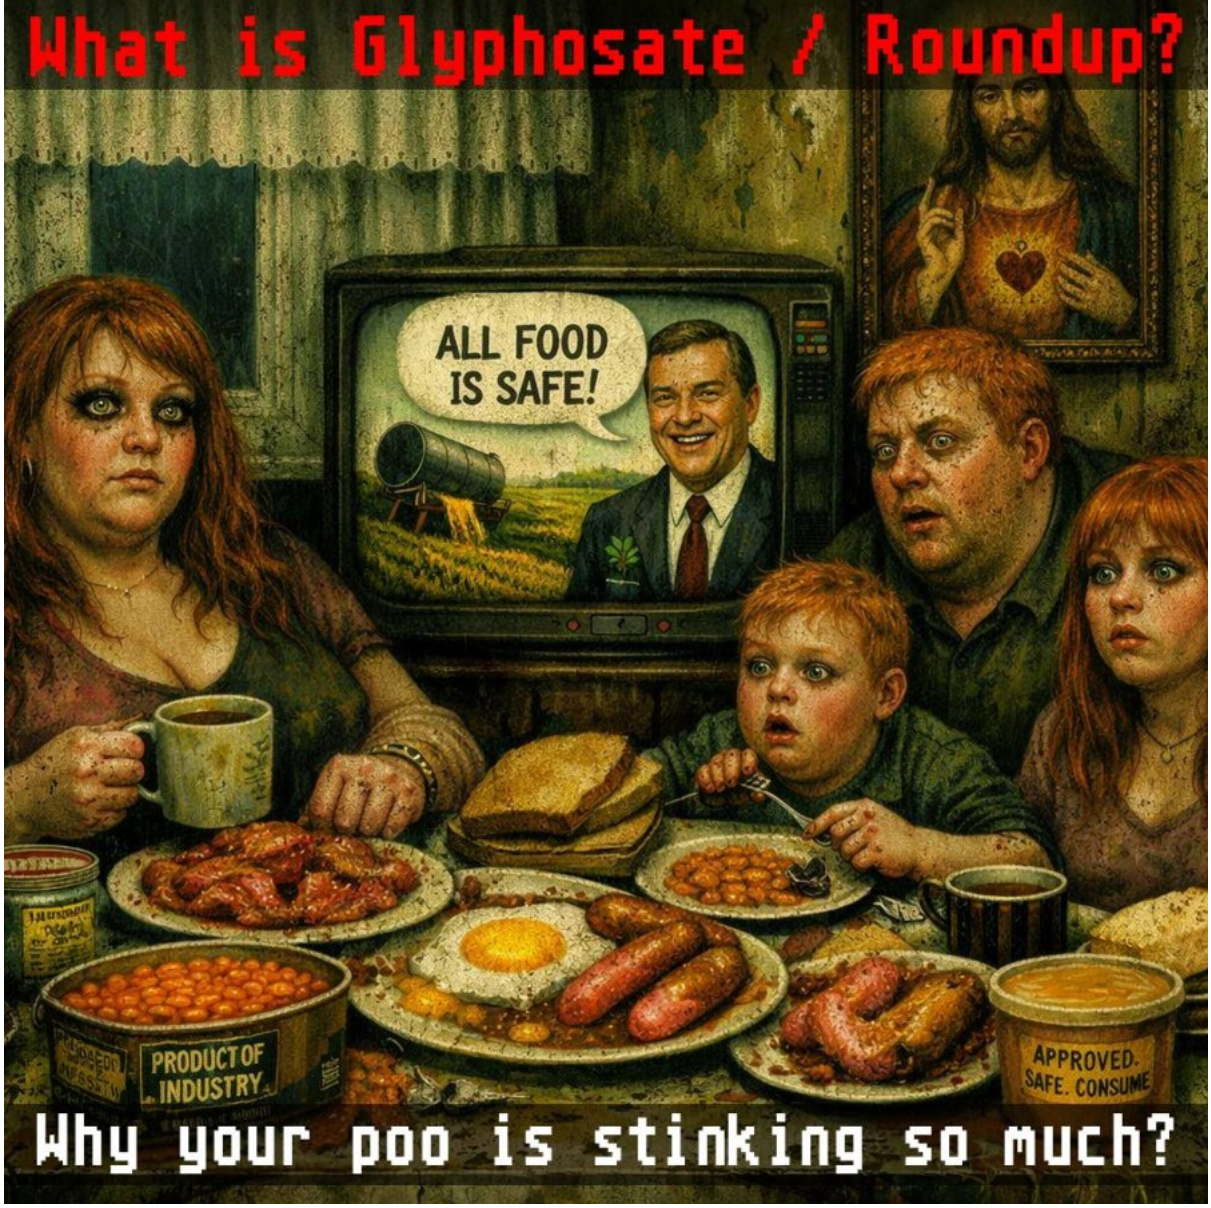
Look around : headset, earbuds making people deaf to what's said around (= shut your mouth and listen to approved content only), smartphone screens grabbing attention 24/7 (= distraction / entertainment => confusion without priority), seated 8 hours / day at a desk in office or at home not moving their hands handcuffed to a keyboard or a screen, this is all by design to bring you to heel. It's FASCISM !

Who does it serve ? BIG TECH oligarchs and those who pull the string behind = the US Military Industrial complex. The US Empire who is powered by its military industrial complex is behind the EU and Nazi germany, search Operation Paperclip, Operation MK Ultra, Synthetic Fuel check and the Truth will set you free from David Icke,

Digitalization = click, click, tap, tap and watch as much stupidity as you can on a glaring hypnotizing screen while your hands are handcuffed to either a keyboard or a screen, your back bent on a chair in obedient position, your head down ready to follow orders and an experience of life being obedience to a digital 'lifestyle' that is bent in front of a fast switching light bulb called a screen which produces massive memory lapse.

***TAP WATER IS POISONED:** chlorine, fluoride, pfoas, microplastics, cryptosporidium make you physically and psychologically weak, deceased and docile. If it's free then you are the product : further down the line you become a consumer of BIG PHARMA due to your illness from water. **Your body's molecules are 99 % water molecules so if your tap water is poisoned your body is, so is your brain and mental abilities.** Same goal as toothpaste with fluoride. Spoiler : the Irish government don't give a damn about you having nice looking teeth, it's just interested by having power over you, through weakening your mind abilities, hence the use of so many poisons in tap water.

By the way under an hot shower you breath chloroform which is dozing you for the day so you start into a sleep state instead of woken up state : all by design.

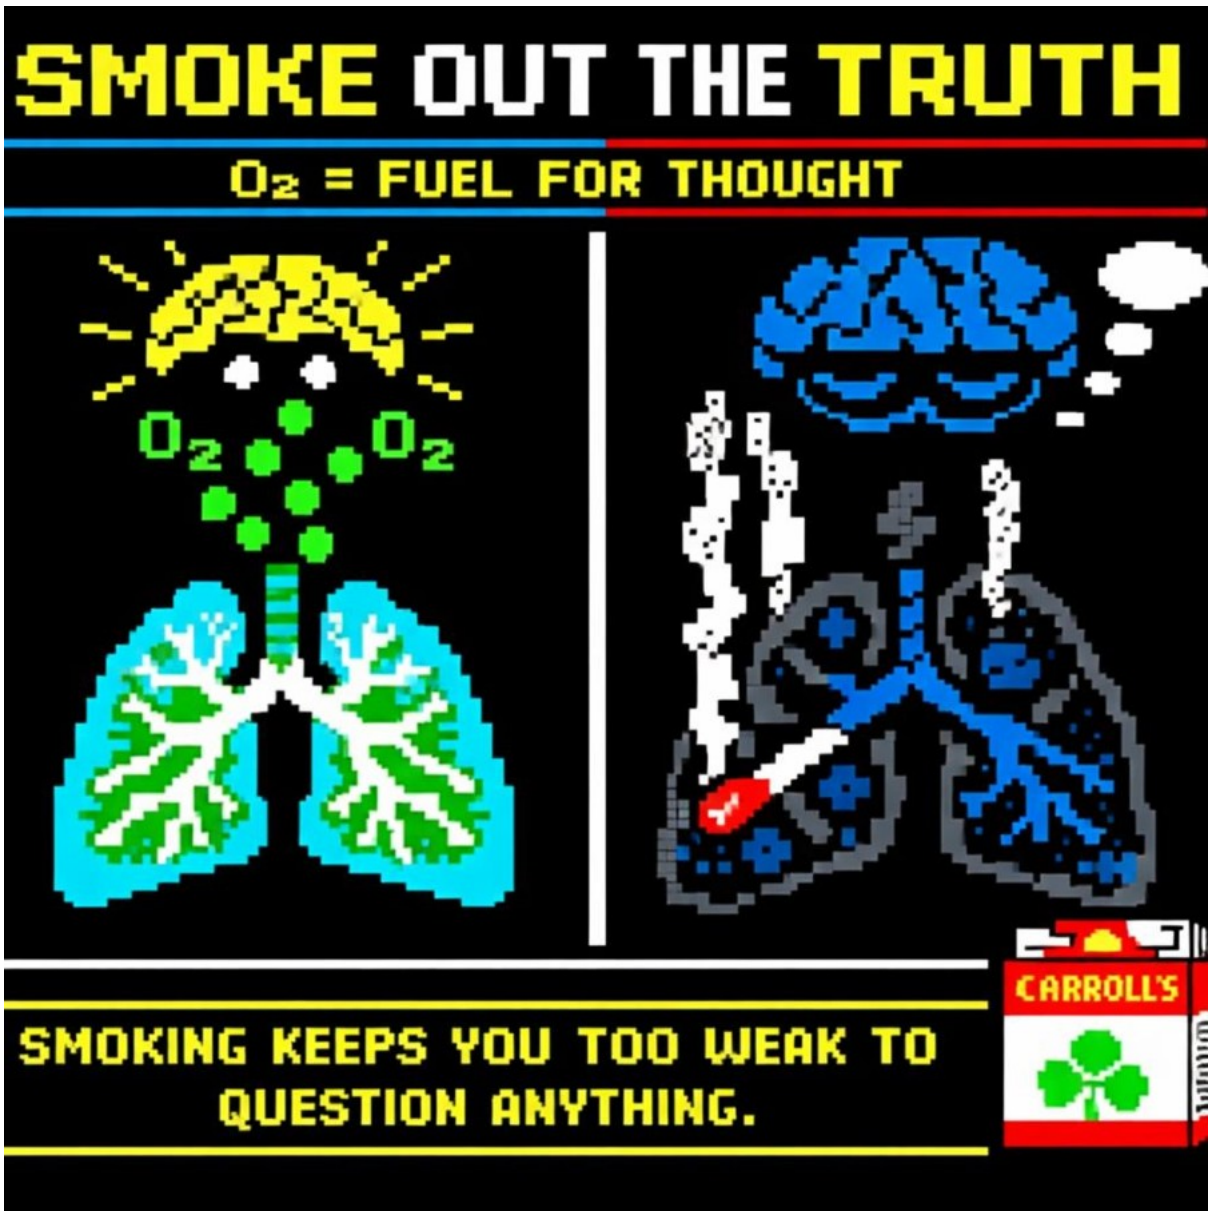


***FOOD IS POISONED:** ultra-processed, pesticides, synthetic chemical ingredients, forever chemicals, Monosodium glutamate / MSG, white sugar, high heat cooking / seed oil fried, food combinations difficult to digest (protein + sugar), low quality sterile seeds (European Standardized / Sterile, non Herloom), food from far away is devoid of vitamins as they vanished with time, also the food looses its vibration / energy with time, meanwhile the food standards on quality are different according to countries.

Have you any any idea of what's sprayed on imported feeds for Irish pork, beef and poultry ? Objective: weak brain, obseity, in bad mood, easy prey to BIG PHARMA. Implication: zero discernment, zero critical thinking = deceased and docile => visible effect : mass obesity, and sheep behavior due to no critical thinking, and multiply BIG PHARMA bread winner = cancer. 30 % of death / year in Ireland = 9800 deaths / year

*ALCOHOL TO KEEP YOU UNCONSCIOUS AND WEAK: at heel and docile. Your health, thoughts and critical thinking is the target of alcoholic drinks. Implication : zero discernment, sheep behavior, obedience to autorities, low sexuality and lots of money burnt into pubs so increase household debt and antisocial behavior.

All those problems are the one the political class pride themselves on solving. The ones they have created or made rules so they appear !!! Alcohol prevents Irish population to organize and have discernment to see what's truly going on. This is by design : the powers to be don't want any ennemy to their plan.

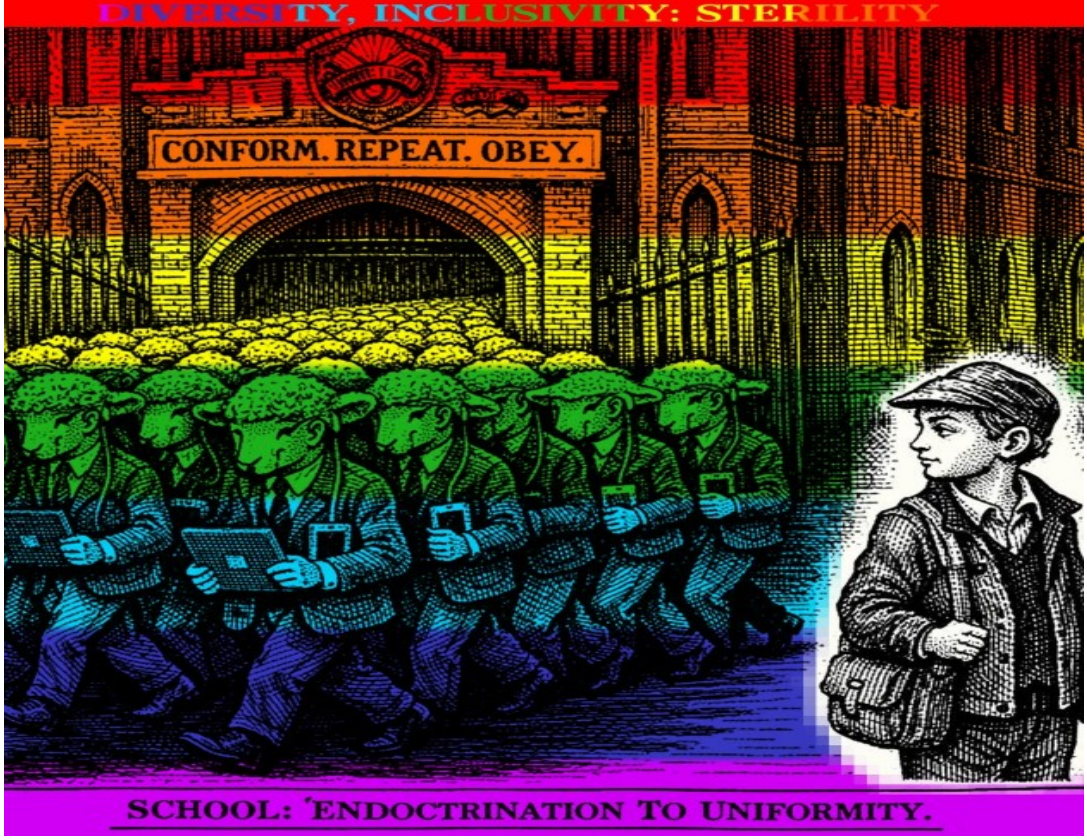


***TOBACCO TO STOP YOU BREATHING PROPERLY** so weak and docile. Oxygen is the first nutrient your body needs to strive, smokers can't breath correctly and cover their lungs with tar so cripple their health for the long term. Implication : they become the prey of BIG PHARMA as they have a far higher chance to get a cancer.

The health problems of Ireland are mostly made, they can be solved by changing behaviour so by addressing the root cause. So stop being trapped into so big manipulations, understand there is a mind game going and you're a pawn in it if you don't wake up and use your will. Don't be caught in the smoke screen and don't think 'medicine' will save you : it's here for a very different purpose : profit from your pain and exploit it in the loosh farm planet earth is.

***ALLOPATHIC MEDICINE TO KEEP YOU DRUGGED AND IN PAIN:** pills and chemical 'remedy' only treat the symptoms, not the causes, and produce more negative side-effects than positive ones; the same goes for “vaccines”, the aim being docility, a reduction in the population of advanced age and a reduction in fertility while keeping you in permanent illness so in control.

Implication : imbalance of the microbiome = the trillions of bacteria in your gut which digest food can’t do it anymore correctly which leads to more ‘deceases’ and thus more ‘medicine’ consumption => the never ending loop of dependencies to BIG PHARMA. Follow the money. And see by yourself the power relationship implication. All this respect to titles and uniforms like in the health system comes down to the education system which is formating those trapped in its paradigm into mass obedience.



***AN EDUCATIONAL SYSTEM THAT DESTROYS THE BASES OF SOCIETY:** it targets self interest, critical thinking, individuality (all dressed in the same uniform, learning the same useless outdated 'knowledge' which has almost no practical application so keep you under the power of those who know better), freedom (see uniformity), imagination (likewise), intuition (likewise), eradication of the memory of your culture through useless school junk and digitalization.

Also the 'inclusive' 'diversity' driven agenda with LGBT all over the place is killing fertility, destroying the seed of life = sexuality. And the 'green' agenda makes you fighting CO2, the gas of life. This is the 'new' education of the eugenist driven agenda of the World Economic Forum, which is with the UN and UNESCO shaping nowadays education paradigm in the west thus leading it to complete collapse on purpose.

***A CATHOLIC RELIGION WITH NO CREDIBILITY:** paedophilia, Satanism, etc while bullshiting the gullible believers with confused language and lots of forms and strange clothings.

It's the cult of Mithra refashioned which has been mixed with Christianity by the Roman Emperor Constantine in 312 CE to mass brainwash and uniformize the thoughts of the multitude : when you have an empire you want everybody to think your way. Religion is that same Operating System for everybody believing.

This religion hides Satan under a cloak of piety. It's now superseded by Technocracy hence screens and computer everywhere. Haven't you notice that smartphones are the new religion. Screens replace the Sun. Everybody can become as popular as Jesus through the 'social media' screen !

ALL THIS IS PLANNED:

it's the application of KGB active measures, see Yuri Bezmenov ideological subversion videos on youtube.

These active measures / активные мероприятия target all the important values and needs of a society. The power behind russia is the same as everywhere else : Sabbathean Frankist / Satanism. They have advanced psychology knowledge of the masses behavior. They have conditioned the western society through Pavlovian and Skinnerian conditioning, they know your needs through Maslow pyramid of human needs and have a huge knownledge in propaganda methods thus change your mind through TV and mass media / 'social media', video games (kill, destroy and plunder through click click, tap tap), cultural and societal structures like schools and church.

In 1984, Yuri Bezmenov,
a former Russian "KGB" agent,
warned America against the 4 stages of
"ideological subversion":
1.Demoralize America
Undermine American principles and promote socialist ideology.
2.Destabilize America
Undermine American cultural, political, military, and religious institutions.
3.Manufacture Crisis in America
Use crisis as pretext fpr violent change in power, freedom, and economy.
4.A "New Normal" for America
A period of stability until another crisis is manufactured.
Same in Ireland and WHOLE Europe

Ideological Subversion
"THREE GENERATIONS OF YOUR
TEACHERS, JOURNALISTS, AND CELEBRITIES
NOW LOVE SOCIALISM AND
HATE TRADITIONAL AMERICAN VALUES."
- YURI BEZMENOV

The GOAL? To ideologically subvert = destroy spiritually, intellectually and thus physically the West including Ireland in order to make it fall into the clutches of Communism 2.0 = technocracy.

The end game? World domination and enslavement by turning the population into robotic pavlovian conditionned slaves (noticed all the notifications, cookies notice, MFA / SMS codes, ... ? They make you click click, tap tap mindlessly. This is conditionning = turning you into a robot).

=> look around you, don't you see all the zombies stuck on their 'smart'phones for anything... They can't think by themselves, their only window open to reality is a screen !!!

The masses don't think, they consume what they are fed and obey blindly autorities so their consciousness is owned and controlled by those who tell them tall stories, own the information networks, GAFAM, video games editors, fast food and supermarket chains, big pharma, banking cartel keeping enslaved the debt sheeple. Meanwhile those 'powerful' are blackmailed by their satanic ruler through pedophilia see Epstein scandal (it impacts Ireland as all the west generally).

14) IMMIGRATION :
Problem : too many people enter Ireland while the available house number is low, rents and cost of real estate are high, because the demand is too high for the supply. The social services can't handle this additional load and are usually of low quality (hostpitals, Dublin busses, Library). This creates division so you don't topple the parasitic government and the deep state behind it.
